Course Descriptions

Advocacy Drop In

A drop in session to find out more information about advocacy, what it is and isn't, how and where we can support and what you can expect from your advocate.

Confident Me

This course aims to help you to deal with stress and stressful situations, realise your true value in your life, accept life's ups and downs, increase your confidence and help you to have a happier life. This course was well received in our taster sessions last year and would benefit anyone looking for a different approach to improving their confidence and happiness.

Eating Well for Mental Health

These sessions aim to help you choose foods for your physical and mental health. The sessions are for anyone who would like to learn to eat well and live a more vibrantly healthy life.

Parent Led CBT

Six in-person group sessions appropriate for children dealing with anxious fears, avoidance behaviours, and worries, gain insight into cognitive-behavioural strategies that help parents support their children in overcoming anxiety-related challenges.

Safety Planning and Finding Hope

Thoughts of suicide affects around 1 in 5 people in the UK so it's important to know how to deal with those thoughts and put in safety measures. Safety Plans take a person centered and stepped approach. They help us manage those fleeting thoughts of suicide that emerge at the edge of your mind – through to situations where the desire to die becomes so overwhelming you no longer think you can keep yourself safe. A Safety Plan includes what you would do, and who might support you, in a suicide crisis. This six-week course gives you the skills and tools to create your own individual safety plan tailored to the individual's own personal needs.

The sessions are made up of elements of group discussion, information-based lectures and supported solo reflection. The course has been created in partnership with Every Life Matters and Recovery College staff, drawing upon a wealth of experience and knowledge to provide a safe learning environment.

West Cumbria Mental Health Partnership Recovery College

- Frequently Asked Questions

What is a Recovery College?

It's a place you can go to learn techniques and strategies to help manage mental and physical wellbeing for yourself or someone you might be caring for. Sessions are supported by Lived Experience Peers which includes NHS Peer Supporters, Together We CIC Volunteers and helpers.

Who is a Recovery College for?

The West Cumbria Mental Health Partnership Recovery College is for Parents, Children and Young People and Families that would like to improve their overall mental health and physical wellbeing. Our overall aim at the West Cumbria Mental Health Partnership Recovery College is to improve hope for everyone that uses our service.

Where is the WCMHP Recovery College based?

We have bases in Allerdale and Copeland where we provide a range of courses and groups.

When are the sessions on and how much do they cost?

The sessions run on a 6-week block timetable format, with drop in sessions in between. Timetables are published online on the website, social media and sent out via email to those on our mailing list. Sessions are fully funded by grants and donations.

What is the difference between a course and a group?

A course typically lasts 4-6 sessions and follows a set structure, a group is ongoing and the people attending the group often discuss the theme and activities of the group more informally than a course.

What is the attendance criteria?

If you join a course we would like you to attend all of the sessions if you can, but we understand that life gets in the way sometimes and we would encourage you to attend as much as you can. It is OK to repeat our courses if you'd like to. A group is ongoing and you can freely pop in and out of the group sessions as you need to.

Would I be able to volunteer at the Recovery College?

Yes, absolutely. We would recommend that you attend some of the sessions or groups to gain an insight to the organisation first and then contact our Volunteer Manager to begin the process of becoming a volunteer with us.
