Course Descriptions

Atomic Habits

A three-session practical wellbeing programme exploring habit science, sleep, food and sugar awareness, physical activity, money habits and the impact of substances and gambling. Friendly, hands-on sessions help participants build small, realistic changes that boost everyday wellbeing.

Emotional Resilience

These sessions will help you to understand and manage your own resilience and increase understanding about the resilience of others. You will learn how wellbeing is affected and the positive changes that can be made to improve wellbeing.

Low Intensity Fitness Sessions – Family Friendly Sessions

A gentle fitness session designed to improve strength, flexibility, and overall wellbeing. Perfect for beginners or anyone looking for a safe, easy way to stay active.

Managing Stress and Worry

In these sessions you will be introduced to a variety of strategies for understanding and managing stress.

Supporting your child's mental health

This workshop is for parents and carers who want to improve their understanding of a child's mental health, gain confidence in how to talk to children about their mental health and feel better equipped to support your child with mental health concerns.

The Best way to Glow

Feeling more tired, overwhelmed, anxious or not quite like yourself? You might be experiencing perimenopause or menopause. Join us to learn: What's happening in your body and mind, Why these changes occur and What really helps you feel better. This **free session** hosted by the Recovery College and delivered by Dandelion offers practical tools, understanding and a supportive space for women to connect and feel empowered.

West Cumbria Mental Health Partnership Recovery College

- Frequently Asked Questions

What is a Recovery College?

It's a place you can go to learn techniques and strategies to help manage mental and physical wellbeing for yourself or someone you might be caring for. Sessions are supported by Lived Experience Peers which includes NHS Peer Supporters, Together We CIC Volunteers and helpers.

Who is a Recovery College for?

The West Cumbria Mental Health Partnership Recovery College is for Parents, Children and Young People and Families that would like to improve their overall mental health and physical wellbeing. Our overall aim at the West Cumbria Mental Health Partnership Recovery College is to improve hope for everyone that uses our service.

Where is the WCMHP Recovery College based?

We have bases in Allerdale and Copeland where we provide a range of courses and groups.

When are the sessions on and how much do they cost?

The sessions run on a 6-week block timetable format, with drop in sessions in between. Timetables are published online on the website, social media and sent out via email to those on our mailing list. Sessions are fully funded by grants and donations.

What is the difference between a course and a group?

A course typically lasts 4-6 sessions and follows a set structure, a group is ongoing and the people attending the group often discuss the theme and activities of the group more informally than a course.

What is the attendance criteria?

If you join a course we would like you to attend all of the sessions if you can, but we understand that life gets in the way sometimes and we would encourage you to attend as much as you can. It is OK to repeat our courses if you'd like to. A group is ongoing and you can freely pop in and out of the group sessions as you need to.

Would I be able to volunteer at the Recovery College?

Yes, absolutely. We would recommend that you attend some of the sessions or groups to gain an insight to the organisation first and then contact our Volunteer Manager to begin the process of becoming a volunteer with us.
